

FNG-614 : Medical Nutrition Therapy, Assessment and Counseling I

[FNG-614/FNG-615](#) are to provide a comprehensive study of the nutritional care process for graduate students seeking to obtain foundation knowledge and skills toward Didactic Program in Dietetics verification. Application and integration of biological, physiological, and chemical parameters influencing specific medical conditions will facilitate evaluation of nutritional etiology and support for disease processes. Assessment, development of appropriate evidence-based nutritional interventions, and interviewing/counseling of the individual/group will be incorporated into the courses. Case studies and hands-on experiential learning experiences in anthropometric assessment and interviewing/counseling of the individual/group will be incorporated as the focus of the courses. Functioning as a member of a care-team will be stressed.
